

one penny red wine

one penny red believes in sourcing wines from growers who make wine with integrity and have respect for the land. In many cases the winemaking approach in the vineyard is sustainable, organic and/or biodynamic. These wines are labour intensive and made by hand, some by conventional means others by adopting a minimal intervention approach where its common place to allow fermentations to occur naturally with indigenous wild yeasts. There are wines that have low or no sulphur dioxide added, others are not fined or filtered.

Mostly these wines are fresh and alive, and love being enjoyed with food to show off their personality.

We hope you enjoy our selection of these hand crafted wines and take away the experience of trying something delicious and accessible.

**Be sure to look out for our winery profiles discussing some of our favourite wines currently available.

Cheers.

A WINEMAKING CO-OPERATIVE

Boomtown was born in July 2014 when Tim Sproal, Pat Underwood and Jarad Curwood were dreaming about a place to make their own wine locally. They have created shared winemaking space established in the old Castlemaine Woollen Mill in 2015 and home to Minim Wine and Little Reddie. Boomtown is driven by a collective philosophy of making small batch, honest wines, sourcing fruit from great Central Victorian sites.

****Ashton Hills, Adelaide Hills**

Stephen George is one of the great producers of pinot noir. We also love his Salmon Brut. This delicious wine takes its colour from the addition of a little table pinot noir like they do in Champagne rosé. It's a charismatic sparkling wine overflowing with juicy, crunchy red fruits and its fine balance and savoury finish makes it difficult to stop drinking.

****Rioja.**

Rioja occupies relatively high ground (300 - 650 mtr) in the north of Castile, which crosses into the lower Basque country, so there are 'many Riojas' to discover and interpret, for example la Rioja Alta grow their fruit on the high slopes that delivers a wine full of Mediterranean orchard fruit aromas including nectarines and pomegranates. On the other hand Valenciso made just 3000 bottles of the 10 Años Después Rioja, where it was aged in cement for 5 years before seeing any oak. There's lots to discover in Rioja.

****Sami-Odi, Barossa Valley**

Fraser McKinley has developed his own style of Barossa Valley shiraz. All his fruit comes from just one vineyard - Hoffmann's, with vines planted between 1888 & 1912! Every vintage delivers their own complexities but the result is always remarkable. Fraser is a very dear friend and I am very happy to offer these evolving, rare & beautifully hand made wines .
