one penny red resident wine

montevecchio is an range of estate grown and hand made wines from the chalmers family's heathcote vineyard. with over 20 years experience in sustainable winemaking, and through their vine nursery established in the 1990's the chalmers family have helped pioneer the grape selection available to us today. the montevecchio wines are inspired by everyday drinking wines which are fresh and vibrant - often regional field blends - and designed to be enjoyed in their youth, while still showing structure and texture.

Lobethal Road, Adelaide Hills.

Established in 1998 by Dave Neyle and Inga Lidums, the family-owned vineyard produces an award-winning range of white and red wines under the Lobethal Road and premium Bacchant labels. The five-hectare vineyard, nestled at the foot of Mt Torrens in the Adelaide Hills, has north-easterly slopes that nurture low yielding vines. The resulting wine retains elegant cool climate characteristics through minimal intervention in the vineyard and the winery. Lobethal Road embraces an environmentally sustainable approach to vineyard management and uses solar energy throughout the property.

Jean-Jacque Morel, Burgundy.

Jean-Jacque Morels' philosophies are pretty extreme and are so labour intensive that they can only be applied on a small artisan domaine like his. With an annual production of just 650 dozen, he uses no chemicals in the vineyard but does not prescribe to a particular regime of management. He possesses only one small caterpillar tread tractor with the rest of the work done by hand. He never works the soil, instead allowing the natural grasses and flora to coexist with the vines, weeding only by hand to keep the vine canopy free of other plants. These richly intense wines are worth exploring.
